

Bikesharing in Europe, The America, and Asia: Past, Present, and Future

Last Modified on 06/19/2018 6:25 am EDT

Authors: Susan Shaheen, Stacey Guzman and Hua Zhang

Date published: March 2010

Why did we select this research?

This study from the Transportation Research Board discusses the growth of different bikesharing programs across the world as a result of the increase in interest in sustainable transportation alternatives. The study shows a range of the business models bikesharing programs use as well the providers. It also discusses the social and environmental impacts of using bikesharing programs.
